Samsung Zoom Rooms Kit

Zoom Rooms transform any space to a Zoom meeting place with one-touch join, easy content sharing, and center of room control for online meetings. Now, Samsung SDS, a global leader in digital transformation and innovation solutions, has teamed up with Zoom to create a fully integrated Zoom Rooms hardware offering. In collaboration with Samsung SDS, Zoom will offer its Zoom Rooms customers a state-of-the-art hardware bundle that provides a seamless Zoom Rooms user experience. Customers benefit from Samsung's vast experience in digital hardware and software solutions from concept to final executions.

WHAT CAN SAMSUNG ZOOM ROOM KITS DO FOR YOU AND YOUR BUSINESS?

Single Vendor Sourcing and Break-fix Support

Provides an opportunity to simplify the hardware purchasing and installation process for Zoom Rooms customers and to interact with a single vendor to resolve any hardware related issues

Frictionless Video Conferencing Experience

Helps enterprises create elevated experiences with its video-first unified communications platform and developer tools to create customized workflows. Tackles the three biggest pain points of the conference room: booking a meeting, starting a meeting, and sharing content.

Seamless Hardware Purchase

Specialized Zoom Room packages for the U.S. market will be available for purchase through Samsung SDS or our approved resellers. Initially, Samsung Zoom Room kits will be available in the U.S. only.

Enterprise-grade multimedia wireless sharing

Easily shares multiple desktops, HD video and audio simultaneously and provides a variety of simple, wireless sharing options for guests and people on your network.

SAMSUNG SDS
